

Holley-Navarre Water System, Inc. Search for New CEO Candidates

Holley-Navarre Water System, Inc. has retained the services of Recruiter Solutions International to fill the position of Chief Executive Officer.

The CEO position will report to the Board of Directors and will have responsibility over 3 divisions with approximately 70 employees and \$70 Million in assets. The CEO will be responsible in the development and implementation of the business strategy, annual budgets, reporting of monthly P&L; oversee operations, inventory and management at the facilities; develop and implement capital improvement programs and pursue state funding; ensure compliance with local, state and federal water quality and related environmental and safety standards, direct water and wastewater service contracting efforts, including contract negotiations and represent the organization in local, regional and state initiatives to advance regional collaboration, economic development and utility system optimization.

The ideal individual must have an executive leadership background that has a demonstrated knowledge of water and sewer systems as it relates to engineering, construction, repair, and operations including the applicable laws, rules, regulations, and ordinances related to water and sewer systems. Further is someone with a proven track record of working with an active governing board in establishing and implementing policy goals and objectives and maintaining effective working relationships with the Board, regulatory agencies, and customer communications. P&L, policy & procedures, grant writing, utility operations and capital project delivery would round out our client's ideal individual. This position will be required to be located in the Florida panhandle and relocation assistance is provided.

For consideration, please send your resume and salary requirements to Lisa Sprowls, President of Recruiter Solutions International via email at lisa@rsipeople.com. Recruiter Solutions International will review your information and contact you should they feel your background matches these requirements.
