HNWS Wraps Up 2021 Internship Program and Recognizes Operator Certification

Navarre, FL, July 28, 2021 – The focus of July’s employee recognition program was our 2021 internship program participants. Pictured above are Noah Cruz (Engineering intern), Joseph Staudt (Engineering intern), Dr. Dallas Peavey, Jr. (HNWS CEO), Alex Garcia (HR/Administration intern), and Dylan Nicholas (IT intern). Students shared what they learned during the 12-week internship program with staff and the Board of Directors during a conclusion presentation held last Tuesday. It was a pleasure hosting these bright students and welcoming them to the HNWS family.

Dennis Ritter, a wastewater treatment plant operator, was also congratulated for earning his Class B wastewater license during Tuesday evening’s board meeting. HNWS appreciates Dennis’ hard work and determination in earning this certification.

Holley-Navarre Water System, Inc. is a member-owned, not-for-profit corporation that provides water and wastewater treatment services to members in the Holley-Navarre area, and includes Hidden Creek Golf Club and Municipal Engineering Services, Inc.
